

Your Child's Speech Therapy Doesn't Have to Go on Summer Vacation

And really, it shouldn't.

Continuing speech therapy throughout the summer is important for continued progress. Rather than starting over in the fall, our speech therapists, (who have years of experience in the Fulton County School System) will pick up your child's speech and language objectives from where you leave off in May and communicate the progress to your child's speech therapist when summer is over.

Common Summer Speech Therapy Questions & Answers

My child has a friend in speech class at school. Can they stay together at your office?

Absolutely! Bring a speech buddy and learn together. Just take a look at Buddy Rates below.

How do I pay for speech therapy at your office?

Once you pre-schedule your therapy days, you can break the payments into two installments. We accept most major credit cards, too.

We are going away several times this summer. Can you work around our vacations and summer camps?

We are flexible! We understand that families travel over the summer. The rates below are per session. You can make a speech therapy schedule that fits into your summer plans. That may mean doing speech twice a week for four weeks or taking a week off here and there. You decide how many sessions work for you.

This is like getting one whole session for free!

* Plus, if you refer a new speech student to our office and they schedule 6 or more individual visits during our summer speech sessions, you will receive a **\$100 credit** towards your child's therapy.

Summer Rate Schedule

One session = 50 minutes of speech therapy

# Sessions	Regular Rate	Summer Rate	Discount	Buddy Rate (per family)
8	\$1000	\$875	12.5%	\$760
7	\$875	\$775	11%	\$665
6	\$750	\$675	10%	\$570
5	\$625	\$575	8%	\$475
4	\$500	\$475	5%	\$380
